If your child has been diagnosed with an allergy or intolerance, for us to provide your child with the corresponding menu we require you to fill out a special diet request form and include the corresponding medical evidence for your child's allergy/intolerance.

Once the special diet request form is filled out and all details checked we will then be able to provide your child with a menu suitable to their allergy/intolerance. Once you have filled out the request form stating the allergy/intolerance we are then unable to make any exceptions on their menu so for example if a child has a dairy intolerance then we will not serve any product containing dairy even if the parent states that they are ok with cheese. If you require your child to have any product outside of the special menu provided that contains the allergen or product that causes intolerance, then unfortunately we will be unable to provide your child with a special menu and any request for a special diet must then be removed

We can only provide your child with a special menu if we have corresponding medical evidence to support the allergy/intolerance.

If at any time it is found that your child, no longer has an allergy or intolerance then please let us know as soon as possible and our standard menu will be issued.

If your child cannot have certain food due to religious beliefs, we will need you to complete the attached form in order for us to provide the correct menu for your child.

Any other special diet requests may be made by contacting Love food and we will advise on whether or not we are able to provide a menu for your child.

Kind regards
