Foxes Class Year 3

Science

In Science we will be looking at health and movement.
The children will learn about the need for a varied diet. They will begin to find out about the different food groups and consider the ways in which people with dietary restrictions can still get the nutrition they need. The children will also find out about the foods that animals eat too. The children will explore the parts of the skeleton and investigate how it protects the body as well as the role of the muscles and how they help us move.

PE

Dance – Premier Sports
Games – Personal Skills
Coordination, footwork and static balancing

Mathematics

Number: Place Value
- Representing numbers to 1000 and recognising the place value of the 1s, 10s and 100s
